First Annual Military Weekend November 11, 12

On the weekend of November 11th and 12th the Arnold Air Society of the A.F.R.O.T.C. will inaugurate the first annual Military Weekend to be held at St. Michael's College. The Weekend will commence with a Jazz Concert by Oscar Petterford in Austin Hall, Friday night during which the Queen of the Weekend will be announced.

At 1:30 Saturday afternoon the entire wing will parade in review on the athletic field prior to the Senior-Freshman Inter-class Football game. After the review an honor squadron will be chosen and decorated by the Queen of the Weekend. The Formal Ball, featuring Bill Wanamaker and his orchestra, is scheduled for Saturday night from 9 to 12 in the recently constructed Winooski Armory. The Weekend queen will be crowned by Cadet Lt. Col. Francis Adams during the ball.

PARENTS TO ATTEND

The parents of Wing Commander, Cadet Col. Richard Narkewicz, Weekend chairman, Cadet Lt. Col. Gerald Ryan and A.A.S. Squadron Commander Lt. Col. Adams have been invited to take part in the entire weekend festivities of the expense of the Arnold Air Society. Other invited guests will include the faculty, the cadre officers, officers from Ethan Allen Air Force Base and several state dignitaries.

TICKET SALES

Blanket tickets may be purchased in the Cadet Operations Room by all students including those not enrolled in ROTC. Price of the ticket is \$4.50 which also includes favors to be distributed at the Ball. Tickets for just the Jazz Concert may be purchased for \$1.25 per person from the Cadet Operations Room or at the door Friday night.

Debaters Lose In First Attempt

On Wednesday four varsity members of the Newman Debating Club travelled to Middlebury College to take part in the first of a series of Round Robin Debates. Representing Saint Michael's were Bob Dumaine and Dan O'Hear, affirmative, and Hank Bredenberg and Don Flynn, negative.

The debaters failed to win once. Besides Saint Michael's and Middlebury, Vermont and Dartmouth took part.

Next week the scene will shift to Dartmouth where the novice debaters will compete. The purpose of these tournaments is to give practice so that the debaters will be better prepared for future major tournaments, such as the UVM Turney and the National Catholic.

Senior Ball**Tomorrow Night**

Advance ticket sales indicate that approximately 50 seniors and their dates will attend the annual Senior Ball to be held tomorrow night. Parents of several seniors have been invited and are expected to be present as well as several members of the faculty. Dancing in the banquet room of the Olde Board Restaurant will take place from 8 to 12 and a light snack will be served at 10 P.M.

Prom Committee Chairmen Named

Bill Chiasson, Junior Weekend general chairman, today announced the names of those who are to head the various committees for the weekend.

Paul Kane and Jack Kingston will head the Publicity Committee. Entertainment will be taken care of by Dave Hurley. Walt Bellcourt heads the refreshments group, and Steve McCullough will handle the details concerning election of a queen for the Weekend. Paul Kenney will arrange the Jazz Concert, with Hugh Caldwell handling the parade which will immediately proceed it.

Jack Eaton will care for the decorations for the Prom. A fund-raising committee is headed by Jack McBride, Jay Tierney and Ray Foley. Joe Ballister will head the committee which sets up the Prom program.

Junior class president, Robert Donoghue will assist Chiasson in general planning, in the capacity of Co-chairman. A second Co-chairman has yet to be picked.

COUNCIL BACKS VETS' RAISE

The Student Council voted last Tuesday night in favor of a motion raised by Charles Randall which, in effect, read as follows - "That the Council write a letter to each Senator and Congressman from every state represented by students at St. Michael's and urge that action be taken on a bill before Congress, but presently tabled, to increase the monthly allotment of veterans studying under Public Law 550 by 40 dollars per month." The bill was introduced by Senator Milton R. Young of North Dakota and is of great interest to every veteran on campus.

BLOOD DRIVE NOVEMBER 14

Ray Geremia, chairman of this year's blood drive, announced that on Nov. 14 from 10 A.M. to 4 P.M. the Red Cross will be on campus (Austin Hall) to collect blood. All students under 21 who wish to donate a pint of blood must secure written parental permission. Geremia also requested that the Council set up a \$15 prize to be given to the dormitory with the best percentage of donors. It was

Controversy Continues Over Nat'l Conference

Mr. John D. Donoghue, Public Relations director here, and moderator of the MICHAELMAN, is currently in the midst of one of the hottest controversies in the state. A White House Conference on Education, to be held in Washington November 28 to December 1, is the cause of the disagreement.

Going To Washington?

President's Day Nov. 16th

President's Day will be celebrated on November 16. Mass, honoring the Feast of St. Edmund, will be held in Austin Hall at 10:30 a.m. on that day.

The Mass is obligatory for all students and Seniors will be required to wear caps and gowns.

As it is the major feast day of the year, there will be 12:30 a.m. permissions on the night before the holiday and no classes on the 16th.

In every order the feast day of its patron saint is a holiday for the order. At St. Michael's the tradition was started by the first president of the society to have his feast day celebrated on the same day as the Feast of St. Edmund. Hence, the day is called President's Day.

The name of the speaker at the Mass will be announced in the next issue of the MICHAELMAN.

The issue arose when it protested that the Vermont delegation of ten members did not include a representative of parochial schools. Mr. John S. Hooper, editor of the "Brattleboro Reformer" and chairman of the State Board of Education, resigned from the delegation to permit a representative of Catholic institutions to be appointed. Mr. Donoghue, as an alternate, was eligible for the position. A meeting of the State Committee, led by Mr. Norton Barber, was held during the week to elect a delegate to fill the vacancy.

OUTSTANDING RECORD

Mr. Donoghue became eligible for consideration by virtue of his noteworthy achievements in Catholic circles throughout the State.

He came to SMC in 1947 as Public Relations Director; he has also shown an active interest in the school system of South Burlington, where he resides. He was elected to the school board and is presently serving as chairman of the Board of Directors. It was in this capacity that

Captain Doe Gets New Assignment

Captain William Doe, formerly assistant professor of Air Science at St. Michael's College, was recently appointed Commander of the Headquarters Squadron of the 58th Fighter Bomber Wing in Korea. Captain Doe left St. Michael's last spring for his one year overseas tour in the East. His wife and family are presently residing in Arlington, Mass.

LATE-COMERS TO MASS TO BE PROSECUTED

Failure to arrive on time for Sunday Masses has become a campus wide disgrace.

To date 33% of the student body has been consistently late for Mass on Sunday!!!

When disciplinary measures have to be invoked to enforce a rule of decency and a moral obligation, we can only conclude that 33% of our students are unmitigated "bush-leaguers."

Effective, November 6, the following directive is in force:

The Dean of Men's staff will take down the names of all students arriving for Mass after the priest has entered the sanctuary. This will apply for each Sunday Mass. These names will be turned over to the Dean of Men on Sunday. On Monday each student who has been tardy for Mass will be restricted to campus by the Dean of Men according to details prescribed by him in writing to the students concerned and a notation of said student failure will be entered on the student's record.

TRINITARIAN SPEAKS

Dear Publius:

I have enjoyed reading the DAZE AND KNIGHTS column since its inception under Don Reese. It has always been a lively commentary made up of humorous anecdotes on life at Saint Michael's.

However, in the last column of DAZE AND KNIGHTS there was a reference made to the girls at Trinity College which detracted from the quality and humor usually present in this column.

As you sign yourself Publius there is no way of knowing your real name, hence I will have to ask you this question through the written word. Have you been out with a girl from Trinity College? If not, I would like to know whence you drew the conclusions as expressed in the last DAZE AND KNIGHTS column. I don't think we all share your prejudices as it seems a good 50% of the boys attending the Junior Prom at Trinity College last weekend were Michaelmen and from all appearances enjoyed "working off demerits" dancing with Trinity girls. Were you there Publicus or weren't you given the opportunity to turn down an invitation? Perhaps you are one of those Michaelmen who travels home for female companionship - if so fine - we won't criticize your choice but why condemn the choice of others!

A Disappointed Reader

195 REVIEW

A new magazine of interest to students of American History on campus, is "American Heritage" which this month completed its first year of successful publication.

Asked to comment on his magazine, Editor Bruce Catton, winner of the 1954 Pulitzer prize for his "A Stillness at Appomattox," said: "The magazine came into being because of the belief that the American people want to learn all they can about their own past -- a belief which apparently has been abundantly justified. It has been the pleasant task of the editors to examine that past, and to let it speak for itself, and they seem to have learned that it speaks with many voices."

The October AMERICAN HERITAGE carries 14 varied and lively articles, lavishly illustrated, as usual, in both color and black and white. Of particular interest are "The Giants of American Conservatism," in which the distinguished historian Clinton Rossiter discusses the conservative revival in U.S. politics, and "Three Years with Grant," first publication of the memoirs of Sylvanus Cadwallader.

Cadwallader was a newspaperman who knew Grant intimately through the crucial campaigns of the Civil War and wrote a remarkable journal which has lain neglected for 90 years. It will be published by Knopf as a complete book later this month. The October AMERICAN HERITAGE publishes some 30,000 words of the manuscript as part of its regular practice of excerpting especially interesting or significant historical material which might not otherwise achieve wide popular attention.

I know a dark secluded place; a place where no one knows your face - you're in Hernando's Hideaway. Hernando Diaz, one of our international luminaries, will exchange a real loose mambo for a jitterbug lesson. He and his boys really left St. Will's starry-eyed and open-mouthed as they paired off as senors and senioritas and, backed by Perez Prado, wiggled out that South American favorite.

A round of applause goes to our newly formed cross-country track team. With an impressive victory over Norwich, Ray Flynn and his boys have a promising future. A few good men get together and overnight you have the nucleus of an intercollegiate sport. May they run, run and run until they run to intercollegiate success.

It was unfortunate that George Latimer was all over the field (Syrian spread) in the first interclass football game for his class, because he's turned the color of all the Sophomore's backbones. His glib analysis of the situation made the Senior game cancellation sound like a victory (something similar to his beany campaign).

Last Saturday night there was a dance on campus. Yep, honest there was. The preparations towards it were fine, the music was great but as usual the floor wax was little disturbed. School social functions are for kids because if we take them in, someone may call us a Michaelman and be right.

The play of the week was made by Bob Conlin. The play for which he received the honorary title of "Hans Conlin." That diminutive devil digressed from all decorum and a good time was had by all.

Last Sunday night the lights went out in St. Leo's. You may say that's nothing new around here and I agree. But when tactful Phil Maresco rushed into Father Sullivan's room and said, "Would you hurry with that fuse Father I'm trying to cook a hamburger," there were many chuckles in the dark.

Offers are being accepted for volunteer's for the drilling of the unique Angel Flight just originated. They have to be in shape for the Military Weekend and right now are having trouble with their faces.

Every student knows that our Dean of Men carries a lot of weight around here (Come and see me----I handle that). One of his duties is to check his mailbox every morning to see who checked in and when. Another is to grant special permissions. The story goes that on Wednesday last, he was opening his special permission mail and came across the following:

Dear Fr. Duford:

Tomorrow will be Thursday. Is it all right with you?

Sincerely,
God.

LITTLE MAN ON CAMPUS

"Did you notice that genuine imported cashmere sweater?"

We welcome, Letters to the Editors, from the faculty as well as from students. Letters should be signed and limited to 150 words or less. Names will be withheld upon request. Letters may be left in the MICHAELMAN mailbox in Old Hall.

So you can't write! Work for us. The MICHAELMAN needs men to aid in (1) advertising (2) circulation (3) make-up. Steady Employment Guaranteed!

DAILY MASS 7:00, 7:30

Staff Meeting Monday

AFROTC PARADES NOVEMBER 11th

On Friday, November 11, 1955, St. Michael's College AFROTC unit will take part in the Veterans' Day Parade. Among the St. Michael's contingent will be the smart and snappy drill team commanded by Cadet Captain Richard J. Murphy. This group will be attired in the same uniform as the ROTC Cadets but they will have noticeable accessories which will distinguish them from the rest of the Wing.

BAND WILL PARTICIPATE

This year St. Michael's will send to the parade a 36-piece band which will be led by Cadet Major Fred Blais and Cadet Captain Francis Moriarty. The band will set the pace; followed by the entire Wing under the able command of Cadet Colonel Richard M. Narkiewicz. Preparations are being made to make this year's parade a great success. The constant drilling and marching assure us that St. Michael's will put up a good showing in the annual event.

400 CADETS TO MARCH

Comprising the Wing will be 6 squadrons which total approximately 400 cadets. It is anticipated also that the newly organized Angel Flight of Student Nurses from Jeanne Mance School of Nursing, numbering about 30, will march with the cadet organization.

OTHERS TO MARCH

In addition to the Wing from St. Michael's, the parade will also include Burlington High School, all the bands from the local area, the reserve outfits, the American Legion and the V.F.W. There will also be a large number of Air Force enlisted men participating.

KNIGHTS,KNAVES PLAN TO SHOW CAINE MUTINY

Casting for the Knights and Knaves production of Herman Wouk's, "Caine Mutiny Court-Martial," will probably begin before the Christmas holidays, according to Ray Geremia, president of the campus thespians. The late date is due to the inter-class play competition which club members are directing.

Returning from last year's successful production of "Stalag 17" are Fred Blais, Jack Stebbins, Pierre Pelletier, Dom Villoni, Joe Brault and Bill Wallace.

Recalling last year's magnificently done show, it is expected that this year's show will provide an extremely entertaining evening for playgoers next spring. Interested aspirants are requested to be at Austin Hall for the Tuesday night weekly meeting at 8 P.M.

Personal Notices To Be Regulated

The Bulletin Board Council, recently established by the Student Council, today announced the following regulations governing personal notices:

PERSONAL NOTICES

- All personal notices must be on 4 x 6 index cards. They should be typed or written legibly.
- They may only be posted on:
 - Far right hand corner in the Snack Bar.
 - Left hand side of the Dining Hall.
- Notices may be up for only one week.

STUDENT-PROF UNREST IN THAILAND CAUSES THREAT

CIVIL SERVICE ANNOUNCES EXAMINATION

A new examination is now open for Student Trainee positions in the fields of physics, metallurgy, chemistry, cartography, engineering, mathematics, meteorology and oceanography, the U. S. Civil Service Commission has announced. The jobs are in the Potomac River Naval Command and in various other Federal agencies in Washington, D.C., and the nearby area, and pay from \$2,690 to \$3,415 a year.

College students who have completed (or will complete within 9 months of filing application) either one, two, or three years of study leading to a bachelor's degree with major study in one of the optional fields listed above may apply. The program consists of periods of on-the-job training at a Federal agency alternating with attendance at a cooperating college or university. In some fields, trainees may be employed only during the summer months and attend college during the entire school year. Written tests will be given.

Further information and application forms may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington 25, D.C. Applications must be filed with the Board of U. S. Civil Service Examiners for Scientific and Technical Personnel of the Potomac River Naval Command, Building 72, Naval Research Laboratory, Washington, D.C., and will be accepted until April 18, 1956.

CCD Holds Regional meet

Five delegates from St. Michael's attended the New England Regional Congress of the Confraternity of Christian Doctrine under the auspices of the Hierarchy of New England and the NFCCS, held October 15 and 16, at St. Anselm's College, Manchester, N.H.

The various phases of CCD were discussed, individual problems were aired in panel discussion groups, and the group brought back new methods and ideas for the betterment of the CCD unit on campus.

The main work of St. Michael's unit of CCD, which falls under the Sodality as an organization, consists in teaching Catholic school children attending public schools.

The group which attended the Congress consisted of Walt Bellcourt, Sodality President; Art Kirwin, CCD Chairman; John Keating, Reid Mayo and Bernard Matthews.

Student unrest at both of Thailand's leading universities, which are taking place at present, must be giving the authorities concerned a great deal of neuralgia.... The student body of Chulalongkorn University demands that the Secretary General of the University, Professor M. R. Salab Ladavalya, be dismissed from his post, and the student body of the Thammasat University follows suit by demanding that the Dean of Faculty Economics, Professor Khun Prasert Suphamatra, be also dismissed. In spite of all the rational reasons given for these demands, student dislike of the two professors seems to be the only real motive.

MCCARTHYISM HINTED

In the excitement of the moment, when tempers flew somewhat high, it was natural that persons, who felt they were losing control of the situation, should resort to McCarthyism by declaring that there was a "third hand" of subversion behind the students activities. To those, who realize that the most natural quality of youth is hotheadedness and that the most admirable quality is strength of character, such remarks must sound both absurd and wild. And yet none who feel any responsibility, however slight, towards national security can take the situation lightly. For although the present situation has certainly not been motivated by subversive elements, it is now making the two student bodies open to the very same elements. To deal with the situation effectively, a complete reorganization of the control of the universities is indicated.

UNIVERSITIES GOV'T CONTROLLED

All universities in this country (Thailand) are under government control. There is much to be said for the nationalization of higher education, as long as it does not lead to a practice whereby unqualified persons are appointed to academic positions for political reasons only. This, however, seems to be the practice in the field of university education in Thailand today.

MODEL PLANES TO BUZZ HERE

The Department of Air Science announced recently that it will conduct an inter-class competition for model aircraft. The winner will earn points for his class. It will be open to all students. It is planned that nine trophies will be awarded. The models will be placed in one of three categories.

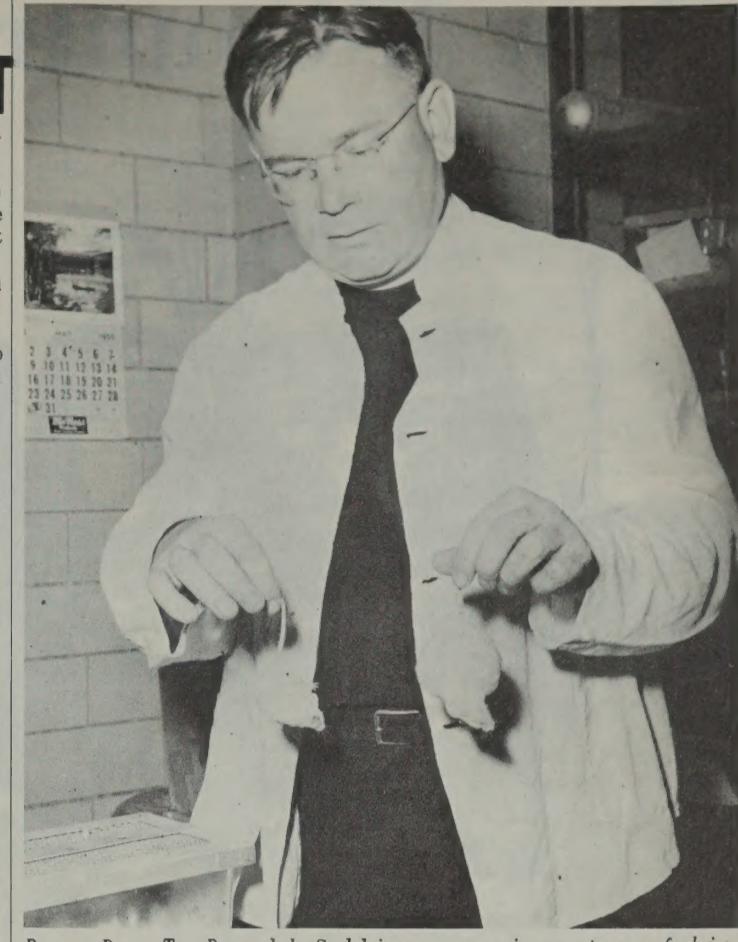

Gas or jet powered model planes will constitute class one.

They will be judged on length of flight, speed and maneuverability.

First place is worth ten points, second place, five points and third place, three points.

One of the four classes will receive trophies in class two for the best solid scale model (non-plastic), to be constructed under supervision, on Tuesday afternoons during December, January and February. The points for the interclass trophy will be awarded in this manner - five points for first place, three points for second and two points for third.

Rubber band powered model airplanes will compose class three. The first prize in this class will be three points, the second prize will be two points and third award will be one point. This competition will be held in March, 1956.

Rev. Dr. T. Donald Sullivan examines two of his "pets" he uses in his important cancer research carried on with a grant from the U.S. Public Health Service.

Seniors Begin Job Interviews

This year the Placement Office will save the senior class one thousand dollars. Each member of the class will save twenty-seven dollars through the efforts of the Placement Office, for it costs approximately this much for the June graduate to find a job.

The purpose of the Placement Office is to acquaint the student with different occupations that are awaiting him after graduation. This goal is attained chiefly by bringing the employers to the seniors.

APPOINTMENTS AVAILABLE

Seniors may apply in the Placement Office for appointments with representatives from various corporations. Each senior is allotted a half hour personal interview with each representative with whom he makes an appointment. When a company representative is coming it will be posted in the MICHAELMAN and in various places on the campus.

It costs roughly one thousand dollars to train one man for his first year.

A new man is not very productive during his first year with a company. If the man quits after one year, then his salary for the year must be added on to the cost of training the man.

The Placement Office and the companies are working to prevent this loss by helping the student to make the right choice of a career the first time.

MANY COMPANIES SCHEDULED

A representative from North British and Mercantile Insurance Company will be at St. Michael's, November 9. Remington-Rand will be here on November 3. Later in the year representatives will be at the college from many different corporations. On February 6, IBM will be here; on March 6, a representative from Vick Chemical Co.

Other companies such as Shell Oil Co., Spaulding Sporting Goods Co., Ciba Products, Continental Can Co. and others will be visiting Saint Michael's throughout the year.

SIGN MAGAZINE HITS AF SCHOOL

UNION CITY, N.J.--The Sign, national Catholic magazine published here, declares in a leading editorial in its November issue that anti-brainwash training cannot protect American GI's against the "savage military conventions of the Communist bloc."

"No matter what toughening exercises you put a man through," the magazine asserts, "Red wardens can always make things too tough for him. They will apply as much torture as is necessary. That means they will use more than you trained your soldier to stand up under."

The editorial advises: "Don't give the soldier boy a hard time, training him against a man's dose of brainwashing, when the enemy will undo your efforts by simply feeding him a horse's dose."

URGES REPRISAL
Instead, the magazine suggests: "The obvious counter-measure is to ventilate the whole business in the United Nations in the clearest and most direct terms. Then let the United Nations adopt some form of reprisal which will take the smirk off the face of Communism's literate savages."

"The United Nations could do it," the editorial continues. "And it is the U.N.'s failure to do such things which has ruined its credit in so many quarters."

Questioning the value of anti-brainwash training, the magazine says, "For instance, you get a man trained...to stand in a dark sweatbox for three hours without quitting. A couple of weeks later the China Commies shoot him down on a reconnaissance flight in the Formosa strait and stuff him into their sweatbox."

REDS NOT EASY

"He takes it for three hours without offering to talk. But then do the Red inquisitors take a look at the clock, haul him out, shake hands with him, and say: 'Nice going, fella. Now get yourself a shower and a cold bottle of beer?' They do not. They leave him there for ten hours... Eventually, the mind thus outraged begins to show a few cracks and the tongue gets loose."

"The enemy is not interested in three-hour ordeals, or seventeen-day

(Continued on page 5)

New X-Country Team Inaugurated

The Cross Country Team which will compete in the Connecticut Valley Run Nov. 1.
Front row, Left to Right: Kuchar, Rivard, Russelowski;
Back row, Left to Right: Flynn, Austin, Noonan, Arzberger.

Something new has been added to the St. Michael's sports program - a cross-country team which recently defeated Norwich in an informal meet and will compete in the Connecticut Valley Run on November 1 at UVM.

INFORMAL TEAM

Impressed by the interest of a few boys who were willing to go out and train hard, SMC Athletic Director George "Doc" Jacobs decided to field a cross-country team on an informal level. Comprised mostly of sophomores, the boys have really gone all out in their training in order to give the Hilltop a team that it can be proud of.

WINS FIRST MEET

It was through the courtesy of Norwich Athletic Director Joe Garrity that the Knights were able to compete with the Kaydets whom they defeated 32-29. Considering the fact that two of the

Sailing Team Ends Season

The SMC Sailing Team finishes off its successful fall season this weekend. Three regattas, two at the team's home port on Malletts Bay, and the other against Middlebury rings the curtain down on the Sailing Knight's fall season.

Marius Peladeau and Charles Lafley will be the skippers for Saturday's home meet against Vermont and Middlebury. Bud Winn and Paul Bostley are the crews. Bill Hill and Dale Currier will lead the freshmen in their home triangular regatta against Middlebury and UVM. Don Kenniston and Don Sprafke are the crews.

The last varsity meet at Middlebury, UVM and Dartmouth will find Ed Hughes and either Marius Peladeau or Matt Nastasia as skippers and Don Murray as crew.

At M.I.T., last weekend, the Knight Sailors put in their best showing of the year, coming in second among six teams in the Associate Dinghy Championships on the Charles River. The SMC team was only one point behind winner Rhode Island, 31-30. Merrimack, Maine, Colby and Vermont followed in that order.

Norwich plodders had run in the 26-mile B.A.A. Marathon in Boston last April, this win was very impressive. Ray Flynn and Bill Kuchar, both sophomores, finished third and fourth respectively while the other members of the team, Pete Ruselowski, Roger Rivard, Bill Noonan, Tom Arzberger and Larry Austin all did well.

FUTURE PLANNED

Archie Post, UVM Track Coach, is to be thanked for his aid in allowing the Purple Knights to compete in the Connecticut Valley Run at UVM on November 1. To date, this team has been a big success and the prospects for the team's future are bright as a full schedule on an intercollegiate level is planned for next year.

Class Hoop Under Way

With Winter on its way in and football with one foot in the record books, Father Stankiewicz has issued a practice schedule for the Interclass Basketball League.

SENIORS OPEN UP

Practice officially got underway on Wednesday night as the Seniors reported to coaches DesRoches and Keane. The following two nights saw the Juniors and Sophs begin their drills in that order. Bob Caprio and Ron Maestrobardino will handle the Juniors, while Jack Coffey is set for a solo job with the Sophs.

CRONAN STYMIED

Frosh coach Jerry Cronan has been held up temporarily by tryouts for the College Freshman squad. However, Jerry will be on hand to pick up whatever talent Ed Markey will be unable to use. The practice schedule:

Seniors:	10/25/55 - 6 pm
	10/31/55 - 6-7:30 PM
	11/7/55 - 6-7:30 PM
Juniors:	10/26/55 - 6 PM
	11/2/55 - 6-7:30 PM
	11/9/55 - 6-7:30 PM
Sophs:	10/28/55 - 4:30-7 PM
	11/3/55 - 6-7:30 PM
	11/10/55 - 6-7:30 PM
Frosh:	10/27/55 - 6:30 PM
	11/4/55 - 6-7:30 PM
	11/11/55 - 6-7:30 PM

Traditionally Good Food

Sportscoop

By Jack Thompson

Down in New Orleans they play "When The Saints Go March In" only on the most festive occasions. And as Harry Bellafonte claims: "What is more festive than a good old-fashioned New Orleans' funeral?"

A little of that Delta rhythm was floating around on the Hilltop last Saturday night. Over in Austin Hall they were throwing a real Louisiana wake for the Soph football team. Seems they have died a natural death. No offense to the 12 worthies who have been out there all season. If anything they should be commended. But for the rest...what can you say? We are a little beyond the name-calling or chiding stage. The best we can offer is: "that's the way it goes." Which is not going anywhere. So we say, Gentlemen, it is not too late. If sometime in the next week you can put together twenty Sophs, who are in shape, something could be salvaged. If only your pride...

Every now and then we see in a letter to the editor or an editorial a criticism of school spirit. Seems everybody knows what's wrong, but nobody ventures a solution. Let's face it-we have a pretty good deal up here. We do have something to be spirited about. How do we show our appreciation? Simply by supporting that which we are proud of. Our football setup certainly isn't equal to the plants they operate at Notre Dame or out in the Big Ten anywhere. But then again, who enjoys football at these places. The players must, so do the coaches. But what about Mr. Big? The guy who is paying the coaches' salary and financing the player's way. The student. He is merely one of 50,000 every Saturday afternoon. In another world from those people you can only see through a pair of field glasses. Seems a little ridiculous, doesn't it? Just reflect some, maybe you'll see the point,...I think we have a good set-up in the Interclass League. Hate to see one class lose it for posterity....Two-hand touch isn't nearly as much fun.....

Sporting it.....Greetings to the newest member of St. Michael's varsity family, the Cross Country team. A special salute to Bill Kuchar and Ray Flynn, the pioneers of the Hill and Dalers...Duke Snider's MVP award hotly contested in some of the barracks. Some of the boys thought Earnie Banks was robbed. One way to solve it: Who would bring the most money on the market? Defense rests. Ed Markey claims his brother Earl had the quickest reflexes he has ever seen...Johnny Pierce, who played end for the '53 Grid Knights, pens in from Germany. He is now a chaplain's assistant in Deutshland...Vermont's Star Spangled incident over the week-end reminds me of a USC-UCLA basketball Championship a few years ago. Seems with less than a minute to go a real donneybrook broke out. The band-leader struck up the national anthem. Everyone snapped to attention. And right out in the middle of the rigid athletes stood a woman, with her right hand in a firm salute against a very feminine hat...and here we are.

Frosh Cagers Hold Tryouts

Over forty candidates reported to Frosh Coach Ed Markey Thursday night as the '55-'56 Freshman Basketball season officially opened.

SCHEDULE NOT RELEASED

A final schedule has not been released, but from indications it could be the finest in the school's history. One of the highlights of the season will be a home and home series with the little Indians of Dartmouth. The full schedule will include at least 15 games. An increase of 5 over last season's slate.

STREAK ON LINE

Markey feels that the improved schedule will be a step further in the development of basketball talent on the Hilltop. The '54-'55 record of 10 and 0 was the first sign of things to come. Ed will be out to keep that string intact.

Donoghue

(Continued from page 1)

he participated in the Vermont Conference on Education, held at Montpelier in September of this year. It was at this conference that the list of delegates and alternates for the White House assemblage was drawn up.

While Mr. Donoghue does not directly represent the parochial schools of the state by filling some administrative position in the Vermont Catholic school system, he has been closely connected with the diocese. On several occasions other Catholic agencies have consulted with him on publicity and public relations matters. Two years ago he directed the publicity of the diocese's centennial celebration.

LOCAL PAPERS URGE SELECTION

In its main editorial of Oct. 17, the "Burlington Free Press" pointed out that the appointment of Mr. Donoghue was the obvious solution to the problem. Many other papers throughout the state, including the "Swanton Courier," have also given their support to the St. Michael's graduate.

The White House Conference is under the direction of the Secretary of Health, Education and Welfare, a department established by Congress. The aim of the Conference will be to draw up resolutions that will aid the government department in determining policy statements.

EISENHOWER SAID " ALL..."

The argument has been set forth that parochial schools have no right to receive any resulting benefits from the conference, and therefore should not be represented. This opinion was refuted by President Eisenhower when he said in his State of the Union address on January 6, 1955, "...the education of all our citizens is imperative to the maintenance and integration of America's free institutions."

Council

(Continued from page 1)

mentioned that each floor of Old Hall and Ryan Hall will be considered individually.

CONSTITUTION QUESTIONED

At this point in the meeting, Frank Adams motioned that a committee be set up to look into the possibility of special advisory lectures by members of the faculty and/or student body. In this way, Adams pointed out, the class can be readily informed on any matters they might be in doubt about. A discussion over the actual worth of such a project ensued and the motion was finally defeated.

SNACK BAR PROFITS

The next topic of discussion was the Campus Snack Bar. It was generally agreed, by the Council, that a profit is realized from the till of that organization and it was decided that a committee look into the matter.

CROWDED MASS

Henry O'Connor then brought up the fact that, without exception, the 11:30 Mass is crowded to an uncomfortable extent on every Sunday. He suggested that the Council request that a 10:30 Mass be added to the Sunday morning schedule to alleviate the situation.

intend to request deferment as a student, be satisfactorily pursuing a full-time course of instruction, and must not have previously taken the test. The purpose of the testing program is to provide evidence for the use of local boards in considering deferment of a registrant from military service as a student.

The test was developed by Science Research Associates of Chicago and New York, one of the nation's leading publishers of educational testing, reading-improvement, and guidance materials.

Qualified students interested in taking this test to qualify for possible draft deferment in order to continue their college education, are urged to get their applications at any Selective Service Local Board before the November 1 deadline.

For additional information, students should consult any Selective Service Board.

CONFUSION REIGNS in the Droodle above, titled: Switchboard operated by absent-minded Lucky smoker. Poor girl's been swamped by too many phone calls. But she isn't confused about better taste—she smokes Luckies. Luckies taste better, first of all, because Lucky Strike means fine tobacco. Then "It's Toasted" to taste even better . . . cleaner, fresher, smoother. *Switch* to Lucky Strike yourself. You'll say it's the best-tasting cigarette you ever smoked—and you won't have your wires crossed, either.

NAT'L SCIENCE AWARDS AVAILABLE FOR '56-'57

The National Science Foundation plans to award approximately 700 graduate fellowships for scientific study during the 1956-1957 academic year. These fellowships are awarded to citizens of the United States who are selected solely on the basis of ability.

Evaluation of each candidate's qualifications will be made by panels of scientists chosen by the National Academy of Sciences - National Research Council. Final selection of Fellows will be made by the National Science Foundation. Fellowship awards will be announced on March 15, 1956.

GENEROUS GRANTS

The annual stipends for graduate fellows are \$1400 for the first year, \$1600 for the intermediate year, and \$1800 for the final year. Dependency allowances will be made to married Fellows. Tuition, laboratory fees and limited travel allowances will also be provided.

Graduate fellowships in mathematics, physics, medicine, biology, engineering and other sciences are available. College seniors who expect to receive a baccalaureate degree during the 1955-1956 academic year are eligible to apply for fellowships. Also those students who are studying for either masters' or doctoral degrees at the first year, intermediate or final year levels may apply for fellowships.

EXAMINATION REQUIRED

All applicants for graduate awards will be required to take an examination designed to test scientific aptitude and achievement. This examination, administered by the Educational Testing Service, will be given on January 21, 1956. The test will be given at various centers throughout the United States and certain foreign countries. Selection on graduate fellows will be based on examination scores, academic records and recommendations regarding each candidates' abilities.

Applications for graduate fellowships must be received in the Fellowship Office of the National Academy of Sciences-National Research Council by January 3, 1956. Further information may be obtained from the Fellowship Office, National Academy of Sciences-National Research Council, 2101 Constitution Avenue, N.W., Washington 25, D.C.
